

# Smarter Safer Schools

Create timely  
instructional  
interventions

Achieve successful  
discipline  
interventions

Solve for  
disproportionality  
and inequities

Meet compliance  
standards

By providing a whole child perspective, we shift  
the paradigm from "fail first" to early detection

# INTRODUCING

**SmartData**  
DASHBOARD

# Imagine a 360 degree view of your students in one simple dashboard

GRADES CONFIDENCE  
SAFETY ANXIETY

## SYNTHESIZES DATA INTO SINGLE DASHBOARDS

Integrate Student Information Systems, Learning Management Systems, Intervention Plans and Assessments

Organize and filter data by student, class, teacher, grade, school or district

Gain insights across key pillars

- 1) Discipline Management
- 2) Intervention Management
- 3) Student Safety
- 4) Student Success and
- 5) School Compliance

## Unrivaled for Managing Results Driven Accountability

SmartData provides actionable intelligence to ensure student success and school compliance

Overall School Performance

Higher Graduation Rates

Career and College Readiness

“SmartData has given my district the ability to take ongoing quick looks at disaggregated real time discipline data across the district as well as individual campuses. Having this information at our fingertips has been powerful in building a more proactive approach to discipline.”
